Living Free Canada showcases Canada's best health and wellness companies and provides you with elite coupons to open your eyes and mind to inspire a healthy lifestyle. It's so easy to use! Simply Select, Print and Enjoy your elite coupons of choice from the website.

Introduced in Vancouver last year as an elite coupon book (Living Free Vancouver Inc), it received such positive response from all over the country that it has now expanded coast to coast and moved online. Many companies who provided elite coupons for a variety of products, programs and services brought in many new clients and members.

Becoming part of the Living Free Canada's community is easy. The initial membership fee is only \$25 plus tax and \$5 from each paid membership gets donated to Ovarian Cancer Canada. Membership includes the use of coupons in any city where elite coupons are valid. The membership is good for a full year and can be used across Canada. As a gift to the community, from May 1-31, 2010 Living Free Canada is giving away free 12 month memberships to everyone who signs up because they want to celebrate you!

As a member you will automatically receive an e-newsletter twice a month featuring new merchants partnering with Living Free Canada, health articles, features and additional fun LFC information. You must be a member of Living Free Canada in order to receive the e-newsletter. Because Living Free Canada is online we have a sustainable approach where you only print the elite coupons you want to use! Accessing the LFC elite coupons as a member is as easy as these three small steps:

1. SELECT the elite coupon(s) of choice that you are interested in. Learn about the merchant and the elite coupon value.

2. PRINT the elite coupon(s) of choice. Don't forget to take this elite coupon with you. Remember, you are only allowed to use each elite coupon once, so once it is printed you are unable to print or use that elite coupon again.

3. EXPERIENCE your selected elite coupon(s)! Maybe you are trying something new and that you have never tried before or experiencing your favorite activities with a new merchant. Enjoy every moment and share with friends and family your new experience.
